**NEW CONSTRUCTION/REMODELING – KITCHEN REMODEL MATERIALS WORKSHEET**

This worksheet will help you gather information about the various materials and colors you want for your new/remodeled kitchen. **Have it with you as you shop and be as specific as possible.** More information is better than less! So that we may order correctly, **please include item and/or model numbers, brand and/or supplier of the item. An incorrect order can significantly change the proposed start date of work.**

**PLEASE MAKE YOUR CHOICES CAREFULLY.** Choices made on the Materials Worksheet will override any specific choices/details that are in the proposal.

After receiving your materials worksheet, we will review it, type up a copy, and send it back to you for final approval.

**ALLOWANCES** are found in your proposal. If you choose something outside the allowance figure, you will either be credited the difference in the amount, or billed the difference. **For example**, if the allowance for a cabinet is \$500, and you pick one that costs \$400, you will be credited \$100. If the cabinet is \$600, you will be billed the extra \$100.
